

SERVICE PACKAGES

The Intelligent Use of Water | Giving You More Savings

Find a Package that is Right for you and your System.....

Platinum is the package that is more than just an insurance policy against high water bills, it's the best for high maintenance landscapes.

Gold is the best deal for getting the correct amount of water in your landscape for high savings in the water bill.

Silver is the most popular package for us to check your system on a monthly bases to specific requirements of your plant material and grass.

Bronze is the less water saving package but lets us maintain your system during the summer months for coverage and optimal irrigation for your plant material and grass.

Did you Know?

- The cost of your water bill is not just the amount of water used by your Irrigation system but also the sewer charge. If you use \$10 dollars of water you will pay the same amount in sewer charge.
- Water bills expected to go up 10% per year due to upgrade of water systems across the cities.
- More than ever is important to use just the right and needed amount of water.

Find the right package for you, JC Group will take full care of your landscape even if you are on vacation. Let us keep your grass, plants, flowers and pots happier than ever.
